

Modification No. 4  
To  
Basic Ordering Agreement No. 26389-001-01 48

Introduction

Whereas, Basic Ordering Agreement (BOA) No. 26389-001-01 48 was entered into by and between The Regents of the University of California Los Alamos National Laboratory on behalf of the Department of Energy (DOE) and Integrated Contractor Purchasing Team (ICPT) and Compaq Federal, LLC. and subsequently through the issuance of modification No. 2 was changed to read the Basic Ordering Agreement (BOA) No. 26389-001-01 48 is entered into by and between Fluor Hanford on behalf of the Department of Energy (DOE) and Integrated Contractor Purchasing Team (ICPT) and Hewlett-Packard Company (HP). In this mod

Whereas, in consideration of the mutual covenants and agreements, Modification No. 4 hereby modifies and amends the reporting requirements of the DOE-ICPT basic ordering agreement, changes the issuing contractor name, amends the period of performance and incorporates a new product listing and discount for ICPT use.

Agreement

The parties agree to modify the BOA in the following areas:

**1. DATA REPORTING REQUIREMENTS**

Seller shall report quarterly savings to the contractually named point of contact from the individual sites utilizing this BOA. Savings shall be calculated using the BOA pricing paid versus established GSA Pricing.

Seller shall report annual savings data, based on a fiscal year of October 1 – September 30, to the ICPT steering Committee Chair.

2. All references to Fluor Hanford shall hereby be changed to correctly reference “Ch2M Hill Plateau Remediation Contractor, herein referred to as CHPRC”

3. The products offered in Attachment A to Modification no. 3 to the BOA are hereby replaced with Attachment 1 to this Modification No. 4. The pricing which is proprietary to HP can be obtained by contacting the HP representative. The product line includes both GSA and non GSA items (Internet List Price) with an ICPT discount level for items by product line. To ensure the products offered under this ICPT BOA are kept current, as new products are added to the GSA and/or Internet List Price the fixed discount will be applied and HP will

automatically capture the product for ICPT with an associated ICPT discount which can be negotiated between HP and the Contractor. Also, if the GSA or Internet List Price decreases, HP will automatically capture the price decrease for ICPT and HP will NOT pass on price increases.

If HP or the Contractor find any situations in which the GSA discount is better than ICPT, HP and the Contractor will negotiate an adjustment and correct the situation to ensure that all pricing is greater than GSA as applicable.

4. Article I – Scope of Work

The term of this Agreement is changed from Evergreen and shall be extended through 9/30/2017.

Except as changed by this modification No. 4 and Modification No. 1, 2 and 3 all terms and conditions remain in full force and effect.
